

A NEW REVOLUTION

iWash® Super+

iWash® Super+ is our latest ALL-IN-ONE model designed to be cross-compatible with 1,2,3 and 8-chamber cell counter slides of multiple brands

This busy lab hasn't bought a **single slide** since Feb 2022. They bought iWash® Super+ to Wash their LunaFX7 cell counter slides

- Amount of money saved so far: £12,600
- Amount of waste avoided: 4,200 slides
- ROI in less than 2 months
- Less than 20 seconds to wash
- Wash and reuse many times
- Reduce plastic waste
- Never run out of slides
- Save Big Money

WE HAVE NOW DEVELOPED AN **ALL-IN-ONE** SOLUTION FOR YOU

The slide washer is simple to use and allows us to reuse our slides multiple times, saving waste and money. We use it in our TC on a regular basis, washing the slides once we have finished counting them, enabling us to only require the use of 5/6 of 8-well slides and a few 1-well slide for almost a year now.

[Priyanka Hirani-PhD student](#)

We have been using the iWash® Super+ Slide Cleaner for a few months now and it is absolutely great. It saved us from buying new slides every couple of weeks. We have been using the same 6/7 slides for 4 months now and they are still working perfectly.
